These variations identify specific unique requirements for that particular airline and are always more restrictive than the DGR, Air Waybill (s) that accompanies the consignment (s) of dangerous merchandise for which a declaration of dangerous merchandises is required must include the following statements, according to the corresponding, in the management information box: "The goods districts according to the declaration of the attached sender "and possibly" à, - "load aircraft only" if appropriate. The sender must certify that the contents are described completely and precisely with the appropriate shipment name, they are classified, packed, marked and tagged, and in all aspects they are in the appropriate condition for transportation in accordance with the applicable regulations. They meet the shipping requirements established by SOLAS 74, Chapter VII, Regulation 4; Marpol 73/78, Annex III, Regulation 4; and IMDG, chapter 5.4. You can rest quietly knowing that it meets when you send hacmat products abroad in marémos operators. Some airlines have variations specific operational. The form of the declaration of the IMO loaders is mandatory for the shipping of dangerous merchandise by sea under the international regulations of the marine organization. The declaration of the IMO sender is the way used to describe hazardous materials in a container or shipping in a container. FedEx, for example, has very specific documentation requirements and chargers must be aware of these variations. These documents contain a description of the load and required for the reservation of the sea container. IMO Shipper Material Safety Data Sheet (Material Safety Sample (Sample, PDF) (Hornady) and Material Safety Data Sheet - MSDS, MSDS Hornady - Sample forms for dangerous load. The association Of transportation, which constitutes the majority of the world's airlines, uses the techniques of ICAO for the safe transport of dangerous products by air as the basis for its regulations of hazardous products (IATA-DGR). LOAD OF THE IMO DANGEROUS DENSE Reference reference7 of the Reenvão7 (to be declared by the carrier), therefore, I declare that the content of this ship is described total and with precisely precisely by the appropriate name (s), and are classified, packaged, packaged, packaged, marked and labeled/accessories, and are in total respects in adequate conditions for transport in accordance with applicable international and national government regulations. /Trailers in a good order and apparent condition, therefore I declare that the described goods have been packed/loaded in observations of the organization of the demanding organization: container/vehicle identified above previously inaccurate with the applicable provisions.22 Name of the company Package, description of GoodsContainer/Veh ICLE Vehicle packaging certificate21 receiving reception certifiers from the organization/vehicle packaging vehicle The anterior number of packages/containers/containers/containers/containers/containers/containers/containers/trailers in a good order and apparent condition, therefore I declare that the products described have been packed/loaded in the comments of the demanding organization: container/vehicle identified previously inaccurate with the applicable provisions. Dangerous Dangers IATA - Without columns, it moves to the zoom | Click to expand compliance with maintenance when hazardous materials are transported in cargo ships and passengers with declaration formats of dangerous merchandise of the Labelmaster IMO. Classification, sender, receiver, point of origin and final destination. destination.
